Distracted Driver Awareness

Distracted Driving is an all too common occurrence. Surveys show that 30% of Americans say they have had a “near miss” because they personally were distracted while driving. Drivers who eat while driving are 2 times more likely to have an accident. April is distracted driver awareness month, so we want to remind everyone of some of the do’s and don’ts to help reduce distracted driving. Here are some helpful tips:

- Don't call or text while driving.
- Program both frequently called numbers and emergency numbers into a speed dial or activated dialing.
- Never dial while driving.
- Let voicemail pick up calls when in a tricky situation.
- Keep conversations short.
- Keep the phone in its holder, so it will not pop out and distract you while driving.
- Don't take notes while driving.
- Don't eat or drink while driving.

37th Anniversary

April 1st, 2021, we celebrated our 37th year in business! The past 12 months were much different than any other year as COVID-19 forced us to find a new normal. Thankfully, we are blessed to have an awesome team and managed our way through 2020. Luckily, we were prepared with our technology to continue providing quality service to our clients during the pandemic, and are looking forward to returning to the office in the near future.

We are so grateful for all our employees, clients, partners and family. Thank you for your continued support. From our family to yours, we wish you continued health and another successful year!

Watercraft Discounts To Help You Save

Even if you're not required to have boat insurance, it's important to protect your boat and your crew from harm. You can get that dependable coverage from Cal-Valley Insurance at a surprisingly affordable price, along with the support of a knowledgeable agent who can help you navigate your policy. Experience the peace of mind that comes from knowing your watercraft is covered, bow to stern.

DISCOUNTS TO HELP YOU SAVE.

The cost of boat insurance is more affordable than you might think. Plus, there are a number of boat insurance discounts that can save you even more.

- **Multi-policy discount**

Save up to 20% when you combine your boat insurance with an auto and homeowners policy.

- **Homeownership discount**

Enjoy a savings of 10% just for owning a home, townhouse, condo or mobile home.

- **Boat education discount**

Learning safety skills can be good for you and your wallet. Get a 5% discount if you've taken approved boater safety classes.

The Make-A-Wish Foundation

We love our community and we're always looking for more ways to be involved every way we can. Typically we choose 4 different charities throughout the year to support, however, we really want to grant a child their wish. We have been supporting the Make-A-Wish Foundation since the beginning of the year and we're happy to have raised over \$1,300 thus far. We will continue raising money for Make-A-Wish throughout the second quarter in hopes of reaching our \$5,000 donation goal.

The Make-A-Wish Foundation helps fulfill wishes of children with a critical illness between the ages of 2 ½ and 18 years of age. The foundation was started in 1980 when a 7 year old, Christopher, was being treated for leukemia and had always dreamed of becoming a police officer, even if it was just for one day. The Phoenix Police Department pulled all of their resources together to make his dream come true. Two days after Christopher received his official badge, he passed away. Now the Make-A-Wish foundation has made more than 250,000 dreams come true. A wish to a child renews their hope, uplifts their spirits and encourages the belief of the impossible.

Join us in making a kid's wish come true. Visit our Wish Your Way page by clicking the Make-A-Wish logo below and make a donation today!
